Appearance

产品参数

Product	UT-390
Pixel Pitch (mm)	3.91-7.81
Cabinet size (WxHxD/mm)	1000×500
Cabinet Resolution	256×64
Cabinet Weight (Kg)	5.3
Brightness (Nits)	2500-3000
Gray Scale (Bit)	14
Refresh Rate (Hz)	≥3840
Max./Avg Power Consumption(W/m2)	416/139
IP Rating (Front/Rear)	IP65/IP54

Lightweight design

The weight of one cabinet is only 5.3kg, leading the industry design , save installation time and labor cost.

5.3
Kg
Weight

Super convenient installation and maintenance

The integrated design of the control box enables fast maintenance.

Each cabinet independently design, which can easily take out even during events and improve the miantenance efficiency.

For indoor and outdoor applications

The use of a dedicated driver chip can effectively reduce grayscale loss at low brightness, and one product has two benefits.

Higher transparency rate

The transparency rate is 50%,Lower wind resistance,Get the perfect combination of stage and art.

One-button hollowing design

Hollowing or not hollowing is optional to meet the needs of different scenes, one investment and two applications (optional function).

Multi-function splicing installation

The product supports internal and external right-angle splicing, dislocation splicing, and curve splicing to meet your creative display needs.
